See Jill's response on a briefing paper for the 26<sup>th</sup>. I too will forward the background information that we put together for the public comment on our proposed listings (approximately 300 waters).

I am still working on a briefing paper, based on what Dan thinks Chris will want to see. It won't be much, so I would maybe schedule something with Allyn before then. I think it is easier to explain in person.

Is there a briefing paper on this? I don't really have enough background on this. If there isn't a paper, can we have a discussion before the RA briefing?
